ATW[®] HQ / RD / Factories

Taiwan Head Office/RD Center with **1** partner factory and **3** partner factories in China.
1 sales support office in Mexico.

Advantage of ATW Technology

■ Comprehensive R&D experience:

- 25+ years in Network field/10+ years in IOT field.
- Proven hardware and Software self-developing capability.
- Local homologation capability and supports.
- Materials preparation and inventory.
- Production line exclusivity for Operators.
- Flexible customization ability for Operators.
- On time software maintenance service.

■ Provide Assistance in Sales Operations

■ Manufacturing Capability:

- 18+ SMT production lines across China and Taiwan. (Capacity: 6M pcs/Year)

IoT Experience & Applications

- Local Devices(Sensors/Camera), Applications(Android/iOS) and Multiple Cloud.Co-Work
- with Far Eastone Telecom's Smart Home Service (2nd biggest Telecom in Taiwan).

SMART HOME

Mobile APP Control & Monitor!

Download [ATW SMART HOME] APP

Smart Plug
1. Load high performance suitable for 10A 250V power meters coverage
2. Can link up to 100W electrical appliances

PIR - Infrared Detectors
1. High reliability to secure your farm
2. Low power consumption, long lasting performance
3. High sensitivity with wide angle detection
4. Emergency notification through SMS, push message and Emails

Smart Remote Control
1. On & Off button for steering setting
2. SOS emergency button
3. Privacy button to stop monitoring

Door Sensor
1. Timely alarms secured doors and entrance
2. Anti-theft protection
3. Easy installation through QR code

Smart Home Care for Elders

Mobile APP Control & Monitor!

Download [ATW SMART HOME] APP

Smart Remote Control
1. On & Off button for steering setting
2. SOS emergency button
3. Privacy button to stop monitoring

SOS Watch
1. Timely alarms through SMS, push message and Email
2. Simple and easy for elderly use

Smart Pets Care

Mobile APP Control & Monitor!
